

Environmental Policy Statement – ISO 14001:2015

Precision Colour Printing (PCP) believes that they have a responsibility to care for and protect the environment in which they operate as summarised by the ISO 14001:2015 standard. PCP are fully committed to improving environmental performance across all our business activities and will encourage business partners and members of the wider community to join in this effort.

PCP recognises key impacts to be in the areas of:

- Energy Use
- Raw Material Use
- Waste Generation
- Emissions to Air/Water/Land
- Procurement
- Transport
- Packaging Waste Minimisation

PCP will strive to:

- Adopt the highest environmental standards in all area of operations, meeting all compliance obligations.
- Assess organisational activities and identify areas where they can minimise our impact on the environment from activities, products and services considering a life cycle perspective.
- Minimise waste through careful and efficient use of all materials, energy, and processes.
- Purchase sustainable products and energy efficient items of equipment.
- Train employees in good environmental practice and encourage employee involvement in environmental actions.
- Reduce the risk from environmental health or safety hazards for employees, and anyone else affected by our operations.
- Include environment considerations in investment decisions where appropriate.
- Continually assess the environmental impact of operations and strive for continual improvement.
- Maintain zero waste sent to landfill (with support from the Waste Management Contractor).
- Influence suppliers and customers with consideration to both life cycle impacts and environmental improvement strategies.
- Prevent pollution, reduce waste, and minimise the consumption of resources.

PCP Directors and Senior Management are committed to ensuring that the protection of the environment is firmly embedded in both the company's business processes, activities and employee culture. They are committed to the continual improvement in all areas of environmental management relating to our activities, products, and services.

PCP will periodically review performance and publish these results in an annual Health, Safety and Environmental report. PCP set annual Environmental Objectives.

Mark Brownrigg
Managing Director
